WHAT IS BIOMEX?

Stübben has partnered with Biomex Technology Center, the leading hospital for orthopedics and sports medicine in Switzerland, to create an innovative seat design that greatly reduces a rider's back pain. Introducing the Stübben Biomex... it will revolutionize your idea of a comfortable saddle.

Priefert Horse Stalls:

Priefert is Proud to introduce our NEW line of all-purpose shelters. These shelters are ideal to protect livestock, hay, or equipment from the elements. Priefert Shelters are available in a wide choice of colors and designed for ease of installation. For those who wish to move them around the pasture, shelter skids are available. Multiple options allow versatility to create your own custom modular system.

IMPORTANT

Proper roof support (purlins) must be selected for anticipated snow load.

STANDARD SNOW LOAD (0-30 lb/sqft)
MEDIUM SNOW LOAD (30-70 lb/sqft)
HEAVY SNOW LOAD (70-100 lb/sqft)

Window

Utility Round Pen Packages

Priefert utility horse panels are ideal for horsemen requiring attractive and cost-effective panels for round pens, temporary stalls, temporary fencing, or arenas for non-crowding use.

Quality engineering for maximum durability and ease of use, Priefert utility horse panels consist of 1 5/8" steel tube horizontal rails, drilled to accept one piece round pipe vertical stays. Baked-on TGIC polyester coating protects against manure, fading, and chemicals. Priefert chain connectors secure panels close together to eliminate leg and neck traps. These panels have no protruding ends or sharp edges to injure horses.

Only One "Horse Safe" Round Pen Priefert Utility Panel
